EDUCATION

09/2013 - 07/2018

DIPLOMA: AUDIOVISUAL PRODUCTIONS IPSIA GALILEO GALILEI

I studied photography both technically and theoretically, learning the photographic language through cinema, art, and history. My training included professional videomaking, covering audio, video, and software equipment for diverse productions such as interviews, commercials, sports events, shows, and documentaries.

05/2023 - ONGOING

WEB DEVELOPMENT AND DESIGNER COURSE, ACCADEMIA DELLE PROFESSIONI, PADUA, ITALY

Currently studying HTML5, CSS4, JavaScript, and jQuery for front-end development and using Figma to study responsive and user-friendly principles for web application prototyping. Utilizing Photoshop, Illustrator and After Effects for design and animation tasks like personalized logos, icons and creation of video motions.
